

**GRADUATE PROGRAM IN REHABILITATION SCIENCES AND PHYSICAL-
FUNCTIONAL PERFORMANCE**

Curriculum 005

Code	Discipline	Type	Credits
2043003	Respiratory and endocrine physiology on exertion	Elective	2
2043004	Scientific Production Writing	Elective	4
2043007	Instrumental Biostatistics	Compulsory	3
2043008	Biomechanics and Neurophysiology Applied to Muscle Function	Elective	4
2043014	Methods and Techniques for Assessing Physical-Functional Performance and Rehabilitation	Compulsory	2
2043016	Internship in Higher Education Teaching	Compulsory	3
2043017	Study of Interventions for Pediatric and Neonatal Rehabilitation	Elective	4
2043018	Theoretical Bases and Evaluation of Children's Functional Performance	Elective	4
2043019	Scientific Methodology and Bioethics	Compulsory	4
2043021	Dissertation Defense	Compulsory	0
2043023	Research Stages: from Project to Publication	Elective	2
2043037	Research Development I	Compulsory	1
2043038	Research Development II	Compulsory	1
2043026	Didactics of Higher Education through Active Methodologies	Compulsory	4
2043027	Dissertation Seminars	Compulsory	2
2043028	Integrated Seminars in Rehabilitation I	Compulsory	1
2043029	Integrated Seminars in Rehabilitation II	Compulsory	1
2043030	Cardiovascular and metabolic rehabilitation	Elective	2
2043031	Rehabilitation in Cardiorespiratory Disorders - Module I	Elective	2
2043032	Rehabilitation in Cardiorespiratory Disorders - Module II	Elective	2
2043033	Special Topics	Elective	2
2043039	Research Development III	Compulsory	1
2043040	Research Development IV	Compulsory	1
