Guia: como buscar barreiras comerciais que afetam seu produto de interesse no sistema Itip da Organização Mundial do Comércio

Carolina Corrêa

1) Acesse <http://i-tip.wto.org/goods/Forms/TableView.aspx>.

The screenshot shows the WTO I-TIP search interface. At the top, there are logos for the World Trade Organization and the Portuguese Trade Investigation Portal. Below the logos is a navigation menu with options: Home, GRAPHS over TIME, TABLES by PRODUCTS, TABLES by MEMBERS, DETAILED QUERY (highlighted), and About. The main content area is divided into two sections: 'Available search criteria' and 'Selected search criteria'. The 'Available search criteria' section lists several criteria with expandable arrows: Measure / Notification, Date(s), Member(s) imposing the measure, Partner(s) affected by the measure, Product(s) affected by the measure, and Keywords. The 'Selected search criteria' section shows the following values: Measure: Anti dumping [ADP], Countervailing [CV], Quantitative Restrictions [QR], Safeguards [SG], Sanitary and Phytosanitary [SPS] [Regular, Emergency], Special Safeguards [SSG], Technical Barriers to Trade [TBT] [Regular], Tariff-rate quotas [TRQ], Export Subsidies [XS]; Member(s) imposing: Any; Partner(s) affected: Any [Include the category "All members"]; Date(s): 30/06/2017 [initiated, in force]; Product(s): Any; Keywords: Any. There are 'Reset to defaults' and 'Search' buttons at the bottom right of the 'Selected search criteria' section.

2) Defina o período de interesse da busca em Date(s). Você pode selecionar uma data específica ou um intervalo de tempo. A busca pode ser por medidas iniciadas (initiated) ou aquelas que já estão em vigor (in force). Também é possível ver aquelas que foram retiradas (withdrawn).

This screenshot shows a more detailed view of the 'Date(s)' search criteria. The 'Measures at a selected date' section is expanded, showing a date field with '30/06/2017' and a calendar icon. Below this, there are radio buttons for 'Measures taken during period of time' and 'Measures at a selected date'. The 'Measures taken during period of time' section has 'From' and 'To' date fields. There are also checkboxes for 'initiated', 'in force', 'entered into force', and 'withdrawn'. The 'initiated' and 'entered into force' checkboxes are checked. The rest of the interface, including the navigation menu and other search criteria, is the same as in the previous screenshot.

3) É possível definir o país que impôs a medida em “Members imposing the measure”, ou você pode pesquisar medidas impostas por todos os países deixando esse campo inalterado.

4) Também é possível definir o país afetado pela medida em “Partners affected by the measure”, porém a grande maioria afeta todos os países.

5) Para selecionar o seu produto vá em “Products affected by the measure” e selecione seu produto. Para isso é necessário conhecer os códigos do Sistema Harmonizado de Codificação de mercadorias (Harmonized System – HS). Mais informações em http://www.mdic.gov.br/sistemas_web/aprendex/default/index/conteudo/id/21.

Em “search” é possível buscar seu produto por uma palavra-chave em inglês. Por exemplo, carne (meat).
